You are here:

Sep, 6th. 2005

The website redesign content will be suspended by now.

There were no submission so I made a new design myself, which is default design for now.

Additionally to the new design, there were a couple of additional features put online.

These include a wiki-like editing mode (see news section for more info),

a view counter and a user-rating of articles.

If you don't like the article, think about improving it before giving it a bad rating...
